MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE & DEVELOPMENT

The recent growth in Indian footwear industry has been fueled by advent of new technologies, growth of e-commerce channels and an inflow of fresh investment coupled with changing consumer perceptions wherein footwear has come to be reckoned as an expression of one's personality.

Increasing consumer preference for brands and a bent towards premium products will be facilitating growth in the forecast period for Indian footwear market. Coupled with a dynamic lifestyle, evolving purchase habits and impact of social media, rapid changes have come about in fashion trends, influencing footwear industry as well. Going forward as the situation improves, increasing demand and supply of footwear products from India and other exporting countries is expected to restore the momentum.

OPPORTUNITIES AND CHALLENGES

STRENGTHS	WEAKNESSES
• Research and Development. • Growing international & domestic market. • Outsourcing • Government support in various subsidy schemes	• Environmental problems. • Dependence on imported machines and components • Dependency on footwear sale. • Marketing and Campaigns
OPPURTUNITIES	THREATS
• Use of e-commerce indirect marketing. • Increase quality, innovation, competition & brand building. • Growing fashion consciousness globally as well as domestic market	• Entry of multinational in domestic market. • Increasing trend of E-commerce. • Stricter international standards.

CHALLENGES: A large section of the footwear industry still remains unorganized in nature and offers a strong price competition to those dealing in branded products, forcing them to rely on innovation and technology enabled marketing solutions. Sourcing skilled workforce in wake of increasing demand poses a real challenge across manufacturing processes. The industry operates in a complex regulatory environment. Any change in the laws and regulations governing the footwear industry may affect the business and financial performance of the industry.

OUTLOOK

Overall, despite the challenging environment, the growth-story of India remains intact. India remains a preferred investment destination for FDI amidst global asset shifts towards emerging economies. Proactive and decisive measures taken by governments and policy makers will certainly help kick-off the growth bandwagon again and put economic recovery back on rails.

With footwear evolving from a functional requirement in day-today life to a symbol of fashion and style, it is necessary for the players to align their strategies to come up to the expectations of the modern consumer.

THE CHANGING CONSUMER BEHAVIOUR

Indian consumers are also evolving with the market - habits, lifestyles, tastes and preferences. The advent of organized retailing malls and multiplexes has transformed the shopping habits and purchase behavior of the Indian consumer. There are significant changes that can be seen in the purchasing behavior of Indian consumer. The modern consumer wants his purchases to reflect his lifestyle aspiration. With rise in income & increased awareness about products and proliferation of choices, consumers have become pickier with purchases.

INDEPENDENT AUDITOR'S REPORT

To the Members of
SARUP INDUSTRIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of SARUP INDUSTRIES LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2025, and the statement of profit and loss, (*statement of changes in equity*) and statement of cash flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information [hereinafter referred to as "the Financial Statements"].

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit/loss, (*changes in equity*) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to:

a) Note no 2.9 of the accompanying Ind AS financial statements which describes that Board Resolution passed in Board Of Directors meeting Dt. 30.05.2023, wherein it has been decided by the Board to convert the Capital WIP (Mall under Construction) at Jalandhar, amounting Rs. 1619.63 Lakhs/- to Stock in Trade. Due to this conversion, Inventories as at 31.03.2025 includes Rs. 1619.63 Lakhs /- transferred on account of conversion of Capital WIP (Mall under construction) to Stock in Trade. Since the Capital WIP has been transferred to Stock in Trade, therefore there is no Capital WIP as at 31.03.2025.

b) Note no 2.16 of the accompanying Ind AS financial statements which describes that Out of the total interest paid, amounting to Rs. 134.92 Lakhs, Rs. 90.24 Lakhs has been paid to the Related parties.

Our opinion is not modified in respect of the above matters.

"Information Other than the Financial Statements and Auditor's Report Thereon"

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report, but does not include the financial statements and auditor's report thereon, which we obtained prior to the date of this auditor's report, and the remaining sections of the Company's Annual Report, which are expected to be made available to us after that date.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material

uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in
 - Planning the scope of our audit work and in evaluating the results of our work; and
 - to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- A. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books [and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.]
 - c) The reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
 - d) The Balance Sheet, the Statement of Profit and Loss, (the Statement of Changes in Equity) and the Cash Flow Statement dealt with by this Report are in agreement with the books of account [and with the returns received from the branches not visited by us].
 - e) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - f) On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2025 from being appointed as a director in terms of Section 164(2) of the Act.

With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us.
- a) The Company does not have any pending litigations which would impact its financial position.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There were no amounts transferred to the Investor Education and Protection Fund by the Company during the year.
 - d) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - e) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - f) Based on such audit procedures which we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.
 - g) The company has not declared or paid any dividend during the year is in accordance with section 123 of the Companies Act 2013", Hence clause not applicable.

4. According to the information and explanations given to us, there is no loan to any director including entities in which the directors are interested. So, the provisions of section 185 and 186 of the Act, in respect of the said loans and advances given, investments made, guarantees & securities given are not applicable to the Company.

5. In our opinion and according to the information and explanations given to us, the company has complied with the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under with regard to the deposits accepted from public.

6. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained.

7. (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues have been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including GST, Provident Fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of GST, Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess, and other statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

(b) The Company has not any disputed Liabilities, which not provided as expense in the accounts.

8. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

9. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

(d) On an overall examination of the Financial Statements of the Company, funds raised on short-term basis have, prima facie, not been utilised during the year for long-term purposes by the Company.

(e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associates during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate companies.

10. (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

11. (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) There was no whistle blower complaint received by the Company during the year.

12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.

14. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.

15. In our opinion, during the year, the Company has not entered into any non-cash transactions with any of its directors or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

16. The Company is not required to be registered under section 45-A of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b), (c) and (d) of the Order are not applicable.

17. The Company has earned the profit of Rs. 478.87 crore during the financial year covered by our audit and incurred a loss of Rs. 158.66 lakhs during the immediately preceding financial year.

18. There has been no resignation of the statutory auditors of the Company during the year.

19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of

Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

20. In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

21. There has been no qualification or adverse remark by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the financial statements.

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

Opinion

We have audited the internal financial controls with reference to financial statements of SARUP INDUSTRIES LIMITED ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by such companies/the Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that:-

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Sarup Industries Limited
Notes forming part of the Financial Statements

Note	Particulars
1	Corporate information The financial statements comprises financial statement of SARUP INDUSTRIES LIMITED for the year ended 'March 31st, 2025. The company is a public limited company domiciled in India and was incorporated under the 'provisions of companies Act, 1956 in 1979. The company is listed on the Bombay Stock Exchange Limited(BSE). The registered office of the Company is located at 141 Leather complex Jalandhar(Punjab).
2	Significant accounting policies
2.1	Basis of accounting and preparation of financial statements The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention . The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.
2.2	Use of estimates The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.
2.3	Inventories Inventories are valued at the lower of cost (on FIFO) and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. As per Board Resolution passed in Board Of Directors meeting Dt. 30.05.2023, wherein it has been decided by the Board to convert the Capital WIP (Mall under Construction) at Jalandhar, amounting Rs. 16,19,63,891/- to Stock in Trade. Due to this conversion, Inventories as at 31.03.2025 includes Rs. 16,19,63,891/- transferred on account of conversion of Capital WIP (Mall under construction) to Stock in Trade.
2.4	Cash and cash equivalents (for purposes of Cash Flow Statement) Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.
2.5	Cash flow statement Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.
2.6	Depreciation and amortisation For the year 2024-25 'Depreciation on each asset has been provided on WDV Method as per useful lives prescribed in Schedule II to the Companies Act, 2013 .
2.7	Revenue recognition <u>Sale of goods</u> Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales does'nt include GST . <u>Income from services</u> Revenues from contracts priced on a time and material basis are recognised when services are rendered and related costs are incurred. Revenues from turnkey contracts, which are generally time bound fixed price contracts, are recognised over the life of the contract using the proportionate completion method, with contract costs determining the degree of completion. Foreseeable losses on such contracts are recognised when probable. Revenues from maintenance contracts are recognised pro-rata over the period of the contract.
2.8	Other income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.9 Tangible fixed assets

Fixed assets, are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Exchange differences arising on restatement / settlement of long-term foreign currency borrowings relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till commissioning of the project.

Fixed assets acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash consideration. Fair market value is determined either for the assets acquired or asset given up, whichever is more clearly evident. Fixed assets acquired in exchange for securities of the Company are recorded at the fair market value of the assets or the fair market value of the securities issued, whichever is more clearly evident.

Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

As per Board Resolution passed in Board Of Directors meeting Dt. 30.05.2023, wherein it has been decided by the Board to convert the Capital WIP (Mall under Construction) at Jalandhar. During the year, the company has converted capital work-in-progress (CWP) asset, specifically the Mall of Jalandhar amounting to Rs.16,19,63,891 into stock in trade. The conversion of the Capital Work In Progress into stock in trade took place on 30.05.2023. The asset was valued at its Book value amounting to Rs. 16,19,63,891. As a result of this conversion, the financial statements have been adjusted accordingly. The Capital Work in progress is now transferred to stock in trade, and its carrying value has been reclassified from CWIP to inventory. Since the Capital WIP has been transferred to Stock in Trade, therefore there is no Capital WIP as at 31.03.2025. The Company have ensured compliance with all applicable legal and regulatory requirements in relation to this conversion and all accounting treatments have been carried out in accordance with the applicable accounting standards.

2.10 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

Refer Note 2.21 for accounting for Research and Development Expenses.

2.11 Foreign currency transactions and translations

Initial recognition

Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

Foreign currency monetary items (other than derivative contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are restated at the year-end rates.

In the case of integral operations, assets and liabilities (other than non-monetary items), are translated at the exchange rate prevailing on the Balance Sheet date. Non-monetary items are carried at historical cost. Revenue and expenses are translated at the average exchange rates prevailing during the year. Exchange differences arising out of these translations are charged to the Statement of Profit and Loss.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company and its integral foreign operations are recognised as income or expense in the Statement of Profit and Loss. The exchange differences on restatement / settlement of loans to non-integral foreign operations that are considered as net investment in such operations are accumulated in a "Foreign currency translation reserve" until disposal / recovery of the net investment.

The exchange differences arising on restatement / settlement of long-term foreign currency monetary items are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets or amortised on settlement / over the maturity period of such items if such items do not relate to acquisition of depreciable fixed assets. The unamortised balance is carried in the Balance Sheet as "Foreign currency monetary item translation difference account" net of the tax effect thereon.

Accounting of forward contracts

Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortised over the period of the contracts if such contracts relate to monetary items as at the Balance Sheet date.

Refer Notes 2.26 and 2.27 for accounting for forward exchange contracts relating to firm commitments and highly probable forecast transactions.

2.12 Government grants, subsidies and export incentives

Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge.

Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve. Government grants in the form of non-monetary assets, given at a concessional rate, are recorded on the basis of their acquisition cost. In case the non-monetary asset is given free of cost, the grant is recorded at a nominal value.

Other government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

2.13 Investments

Long-term investments (excluding investment properties), are carried individually at cost, Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

Investment properties are carried individually at cost less accumulated depreciation and impairment, if any. Investment properties are capitalised and depreciated (where applicable) in accordance with the policy stated for Tangible Fixed Assets. Impairment of investment property is determined in accordance with the policy stated for Impairment of Assets.

2.14 Employee benefits

Employee benefits include provident fund, superannuation fund, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

Defined contribution plans

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund and post-employment medical benefits, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled. Long Service Awards are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.15 Employee share based payments

The Company formulated no Employee Stock Option Schemes (ESOS).

2.16 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

Out of the total interest paid, amounting to Rs. 134.92, Rs. 90.24- has been paid to the Related parties. The disclosure of the same has also been given in the Related Party Transactions (refer note no. 35)

2.17 Segment reporting

2.19 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.20 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in equity are recognised in equity and not in the Statement of Profit and Loss.

2.21 Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

2.22 Joint venture operations

The accounts of the Company reflect its share of the Assets, Liabilities, Income and Expenditure of the Joint Venture Operations which are accounted on the basis of the audited accounts of the Joint Ventures on line-by-line basis with similar items in the Company's accounts to the extent of the participating interest of the Company as per the Joint Venture Agreements. At present the company has not entered in any joint venture agreement.

Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.24 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.25 Provision for warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise - being typically upto three years. As per the terms of the contracts, the Company provides post-contract services / warranty support to some of its customers. The Company accounts for the post-contract support / provision for warranty on the basis of the information available with the Management duly taking into account the current and past technical estimates.

2.26 Hedge accounting

SARUP INDUSTRIES LIMITED

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The Company designates such forward contracts in a cash flow hedging relationship by applying the hedge accounting principles set out in "Accounting Standard 30 Financial Instruments: Recognition and Measurement". These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in "Hedging reserve account" under Reserves and surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the Statement of Profit and Loss. Amounts accumulated in the "Hedging reserve account" are reclassified to the Statement of Profit and Loss in the same periods during which the forecasted transaction affects profit and loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in "Hedging reserve account" is retained until the forecasted transaction occurs. If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognised in "Hedging reserve account" is immediately transferred to the Statement of Profit and Loss.

2.27 Derivative contracts

The Company entered in no derivative contracts in the nature of foreign currency swaps, currency options, forward contracts with an intention to hedge its existing assets and liabilities, firm commitments and highly probable transactions. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for Foreign Currency Transactions and Translations.

Derivative contracts designated as a hedging instrument for highly probable forecast transactions are accounted as per the policy stated for Hedge Accounting.

All other derivative contracts are marked-to-market and losses are recognised in the Statement of Profit and Loss. Gains arising on the same are not recognised, until realised, on grounds of prudence.

2.28 Share issues expenses

Share issue expenses and redemption premium are adjusted against the Securities Premium Account as permissible under Section 78(2) of the Companies Act, 1956, to the extent balance is available for utilisation in the Securities Premium Account. The balance of share issue expenses is carried as an asset and is amortised over a period of 5 years from the date of the issue of shares.

2.29 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

2.30 Service tax input credit

2.30 GST/Service Tax /Excise/

Service tax input credit/ Excise / GST is accounted for in the books in the period in which the underlying service/ goods received is accounted and when there is no uncertainty in availing / utilising the credits.

32. Significant accounting judgements, estimates and assumptions

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, including the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

JUDGEMENTS

In the process of applying the company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Useful lives of Property, plant and equipment and Intangible assets

The Company reviews the useful life at the end of each reporting period. This re-assessment may result in change in depreciation/amortisation expenses in future period.

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal cases, demands from income tax authorities, non-submission of C-forms and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events.

ESTIMATES AND ASSUMPTIONS

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The present value of the gratuity obligations and leave encashments are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and retirement age. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The underlying bonds are further reviewed for quality. Those having excessive credit spreads are excluded from the analysis of bonds on which the discount rate is based, on the basis that they do not represent high quality corporate bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 33.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 44 and 45 for further disclosures.

Income Taxes

The Company is subject to income tax laws as applicable in India. Significant judgment is required in determining provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognizes liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.
